OTHER ACTIVITIES1. Communications Filmsa. Radio Communications - Film No. 1

At the conference held with the CI Staff about requested changes in the film. CI Staff agreed that seven of the original eight could be handled in the critique. The eighth involved information that the Technical Advisor/SR had given to the Chief, FPB. When advised of CI's objection to this information, SR agreed that the script should be changed. This will require a small amount of new recording but no additional shooting.

Shooting on this film is proceeding on schedule. Thirty-seven scenes, totaling 5,836 feet were completed. The total to date: 7,594 feet.

We wish to express our sincere appreciation to the Chief of Clerical Orientation and her Staff for having transferred classes from Room 155 [] to the Auditorium for the week of 23 July so that FPB could complete its Headquarters' schedule on time.
